APPROVED
by the Council meeting
of P. Stradins medical college
of the University of Latvia,
16 June 2021, protocol Nr. 3

QUALITY POLICY
Jurmala

The quality policy of P. Stradins Medical college of the University of Latvia (further in the text – College) is focused on the implementation of the College's mission, achievement of strategic goals, sustainable operation, development of the quality management system, determining the achievement of quality-related principles in studies, research and cooperation with the public.

The quality policy forms the framework for the implementation of the College's development strategy and determines the common intentions and direction for ensuring and improving the quality of studies.

The sustainable development of the College is based on the College's approach of excellence, which ensures the planning, implementation, evaluation of results and further improvement of processes.

The aim of the quality policy is to promote the development of the College by continuously improving the quality, defining the principles of its implementation and organizational processes.

The quality policy is implemented taking into account the following basic principles:

- **Competence** – The quality of the College's activities is ensured by employees with professional knowledge and skills, accumulated experience and continuous professional development, guaranteeing students the opportunity to obtain a quality education.
- **Partnership** – effective long-term cooperation with health and social welfare stakeholders at local and international level.
- **Sustainability** – active and responsible action in the direction of education for sustainable development for the needs of society.
- **Participation** – involvement of students in the improvement of the study process, involvement of academic and general staff in the development and maintenance of the quality management system.
- **Strategic** – The quality management policy is based on the strategic quality policy of the college.

The basic principles of quality management can be integrated into the College's management processes.

The continuous development of the College's quality policy is ensured by the possible necessary resources, the improvement of which is implemented by all employees of the College.

Quality management policy provides a comprehensive view of investments, processes and results, paying special attention to the evaluation of efficiency, increasing the satisfaction of students, staff and society.

The College continuously evaluates and improves its performance, focusing on international quality standards.

The implementation of the quality policy is reflected in the description of the internal quality assurance system.

This "Quality Policy" enters into force on 16 June 2021.

With the entry into force of the College's "Quality Management Policy", the "Quality Policy" approved at the meeting of the College Council on 31 May 2018, minutes No. 3, shall become invalid.
